Our Services

Highfield Financial Planning is a member of Brokers Ireland. Our principal business is to provide advice and arrange transactions on behalf of clients in relation to life, investments & pension products. The firm provides advice on a fair analysis of the market with regard to its IMR authorised activities. The firm does not provide advice on a fair analysis of the market with regard to its IIA authorised activities. A full list of insurers and product producers with which we deal is available on request.

Fair Analysis

The concept of fair analysis is derived from the Insurance Mediation Directive. It describes the extent of the choice of products and providers offered by an intermediary within a particular category of life assurance, general insurance, mortgages, and/or a specialist area. The number of contracts and providers considered must be sufficiently large to enable an intermediary to recommend a product that would be adequate to meet a client's needs.

The number of providers that constitutes 'sufficiently large' will vary depending on the number of providers operating in the market for a particular product or service and their relative importance in and share of that market. The extent of fair analysis must be such that could be reasonably expected of a professional conducting business, taking into account the accessibility of information and product placement to intermediaries and the cost of the search. In order to ensure that the number of contracts and providers is sufficiently large to constitute a fair analysis of the market, we will consider the following criteria:

- the needs of the customer
- the size of the customer order
- the number of providers in the market that deal with brokers
- the market share of each of those providers
- the number of relevant products available from each provider
- the availability of information about the products
- the quality of the product and service provided by the provider
- cost, and
- any other relevant consideration

Investment Intermediary Services

Highfield Financial Planning is remunerated by commission for its investment intermediary services.

Life, Pensions and Investments

Highfield Financial Planning provides life assurance and pensions on a fair analysis basis i.e. providing services on the basis of a sufficiently large number of contracts and product producers available on the market to enable us to make a recommendation, in accordance with professional criteria, regarding which contract would be adequate to meet the your needs.

We will provide assistance to you for any queries you may have in relation to the policies or in the event of a claim during the life of the policies and we will explain to you the various restrictions, conditions and exclusions attached to your policy. However, it is your responsibility to read the policy documents, literature and brochures to ensure that you understand the nature of the policy cover; particularly in relation to Income Protection and Specified Illness policies.

Specifically on the subject of permanent health insurance policies it is our policy to explain to you a) the meaning of disability as defined in the policy; b) the benefits available under the policy; c) the general exclusions that apply to the policy; and d) the reductions applied to the benefit where there are disability payments from other sources.

We are members of the Investor Compensation Scheme operated by the Investor Compensation Company Ltd.

The Investor Compensation Act, 1998 provides for the establishment of a compensation scheme and the payment, in certain circumstances, of compensation to certain clients (known as eligible investors) of authorised investment firms, as defined in that Act. The Investor Compensation Company Ltd. (ICCL) was established under the 1998 Act to operate such a compensation scheme and our firm is a member of this scheme. A right to compensation will arise only:

- If the client is an eligible investor as defined in the Act; and
- If it transpires that the firm is not in a position to return client money or investment instruments owned or belonging to the clients of the firm; and
- To the extent that the client's loss is recognised for the purposes of the Act.

Where an entitlement to compensation is established, the compensation payable will be the lesser of:

- 90% of the amount of the client's loss which is recognised for the purposes of the Investor Compensation Act, 1998; or
- Compensation of up to €20,000.
